

# Excel in Basketball Camp Legend

## Cory Foscett

6'0" Guard, Concord High School

**What Excel Meant to Me:** "I couldn't wait for the last day of school as that meant Excel was here! At Excel I was taught by passionate coaches and improved my skills. There were college and pro players there and I believed they walked on water. I couldn't wait to see the new T shirt, the Pistol Series, the games. I was always sad when summer ended as I had to wait a whole year! I still use the skills I learned at Coach Allocco's Friday talks as the basis for my life. I still stop by, but now as a parent."

**Career:** Cory is one of the All-Time great Excel performers. Cory spent his summers competing and learning at Excel. One of the hardest working campers in history, Cory's effort was legendary at the Pistol and Dribble Series. Cory went on to Concord High School where he was an outstanding player and teammate. He was also one of our top coaches at camp for many years. He was a high school coach at De La Salle and has utilized the lessons learned at Excel to be a great success in business as he is currently the President of Tanglefree Waterfowl Products.
