

Dear Coach Allocco,

I am writing to express how grateful we are for all you've instilled in our boys over the past 8 days. They have learned about the importance of hard work and teamwork as well as the fundamentals of basketball skills. I am most impressed by their dedication and love for the game as well as for each other. As soon as the boys come home from camp. They go right out in the yard and practice everything they've learned. They made sure that I made extra copies of the Guard Workout charts so they can fill them in all year long.

My younger son Connor told me that his favorite part of camp is lecture. That's pretty amazing coming from a 9 year old! I don't know if this is a coincidence or not, but the boys have not had a fight since attending your camp! Thank you so much to you and all of your coaches for working your "Excel Magic." It's carrying over to their home life and I'm so happy they had this experience for the third year in a row.

Sincerely,

Sue and Bill Tracy
