California State Coach of the Year: 2010, 2011
Head Coach, Academic All American Game: 2010

"You can't become a great teacher until you become a great student." Coach Allocco

After 40 years of coaching at the elementary, high school and collegiate level, I have decided to accept a new challenge as the Senior Associate Athletic Director at the University of San Francisco. My new position allows me to be totally involved with coaches and players and to be completely transparent and "open up the door" to the techniques that helped me to create consistent State Championship Programs at a public school and at a private school.

I thoroughly enjoyed sharing information with the coaches who attended in 2016 and am excited to disseminate some new theories and innovative concepts that I have learned in the past year. This clinic is guaranteed to help you grow your coaching skills.
