

Coaches Allocco and Sullivan,

We have just finished having a dinner get together with some family and friends (from the junior camp) at my house. Upon arriving, Jake, Maggie Claire, and Dominic went right in the backyard and were laying on the ground practicing their dribbling. They then worked on the over the back and between the legs drills (not there yet but I can see the improvement).

On Wednesday night Lexi and I were sitting on our front lawn talking about all the great summers spent at Excel. I even pulled out a bag full of all the Excel t-shirts and we sat their reminiscing.

I would like to thank you for continuing to provide this opportunity for Jake and next year Drew. I loved attending camp every summer as I was growing up and to have my son experience the same opportunity is wonderful. I am so appreciative that you are allowing Jake to develop the same unforgettable memories that I have.

Thank you so much for your time and dedication.

Jenni
